All -- we reached our team in Riverton and they were able to make the announcement that our data were being posted seconds before the subject would have arisen otherwise. Thanks to everyone, especially Dianne.

The data have just been posted at the R8 Pavillion web site. <http://www.epa.gov/region8/superfund/wy/pavillion/phase5.html>
There is no introductory statement and we re-produced everything in a form identical to what was provided to the state and tribes.

Sarah -- have talked with the state folks (John Corra and Jeremiah). Reaching out to the tribes now.

Jim -- the AP reporter has already asked the state for a copy of the documents, and they are providing.

Thanks again.

Jim
